

DAY, OCTOBER 28, 1903

A COUGH CONUNDRUM

When is a cough more than a cough?

When it's a settled cough that hangs on in spite of all you can do. Cough muscles won't cure it because they are merely for a cough and this is something more.

Scott's Emulsion cures the cough because it cures the something more. It heals and repairs the inflamed tissues where the cold has taken root and prevents it from coming back.

We'll send you a sample free upon request.

SCOTT & BOWNE, 200 Pearl Street, New York.

has been an increase in the number of bicycles in use. In 1902 there was an increase of nearly 100,000 over 1901. Figures of the tax office show 1,162,180. To be exact, the gain was just 24,574.

The figures for each year since 1896 show the steady and fluctuating gains, are interesting. They are as follows:

1896-97 1897-98 1898-99 1899-1900 1900-1901 1901-1902 1902-1903

The Silent Citadel.

To reach the castle which stands in the desert region of Southern Arizona there needs to be a stage ride of some twenty-four miles, straight across the desert from the station of Gila Bend, for the night—yes, when in the rear the ride is a joy to remember ever after. It is a region, the charms of which Van Dyke sings in exquisite cadence—"the land of splendor, but not of sun and not of skies"; yet, "who shall pass the splendor of its light, and from the rising up of the sun to the going down of the moon over the iron mountains, the glory of its wondrous coloring?"

Starting in all the charming fresh-scented beauty of the morning, we followed the old Silver King mine, never having seen a man being on foot, moving one lone Mexican "freighter." Finally, we came to a great, prehistoric artificial lake, now known as Dry Lake; its cement banks from 15 to 25 feet in height, in many places almost straight across the stream. The stage road leads straight across this reservoir. Not far from here the Silver King road crosses the old Yuma trail at right angles, and then, solitary and grand, we strike our way across the great plateau—dominating the desert even as the pyramids do the valley of the Nile.—"Four Thousand Years."

True, but Not Biblical.

There are scores of wise saws, all containing more or less of truth, which are almost uniformly supposed to be in the Bible, which cannot be found in its pages. One of the chief of these sentences is: "He tempts the wise to do foolish things." You would suppose the Bible pretty thoroughly taught you what you would find that sentence in it. Where you would find it would be in Sterne's "Sentimental Journey."

In the midst of life we are in death;—and every thinks that it is the other who isn't though; it is in the mortal service.

"He that he runs may read." This is another sentence supposed, wrongfully, to be in the Bible, but though the Bible has something like it—namely: "That he may run that he may sin as the sparks fly upward." The Bible nowhere contains these words.

"A nation shall be born in a day." The nation is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

It is to sin as the sparks fly upward. The Bible nowhere contains these words.

"The world is to be born in a day." The world is to be born in the good moon;—"shall a nation be born at once?"—(Chicago Chronicle).

Twelve Sticks of Explosive
Railway DestroyedWould Have Caused
Destruction and DeathFormer Congressman
Indicted—Insanity
Waives Murder

(BY THE ASSOCIATED PRESS) SEATTLE (Wash.) Oct. 28.—A package of dynamite done up with spittoon and ready to be used was found on the table of the Interurban First Avenue and South at 2 o'clock this morning. There was enough of the explosive to blow up all the buildings in a radius of two blocks and property for a distance of a few hundred feet.

One package containing dynamite had been carefully rolled up behind the washstand of the other, containing the same had been wrapped in the same and secreted from view in toilet bowl.

Around each of the packages which had been wrapped in the same was a long fuse arranged to meet at the sticks. One of these fuses had been split to expose the powder to view.

The discovery was made by a woman who was

sitting upon the packing case and

the fact that it was

struck him as peculiar.

He got out and discovered it was

while the woman was

unconscious for a long time.

When he was discovered, it was

placed in a safe and

left for the police.

An explosion of dynamite

occurred at the rear of the Capitol Hotel, on

the morning of Oct. 28, not more than

from the depot building.

The explosion was

supposed to be the result of

an attempt to blow up

the building.

Two days after the arrest

of a man named

Robins, walking on the

sidewalks of the capitol

between the pylon and the

the wharf.

Hour Sale Today

The popularity of these hour sales keeps growing. Every Thursday adds to the crowd. Those who come once are sure to come again, for these sales provide opportunities to make big savings on little purchases. There's not an item quoted but is priced at a figure far below its real worth. Some of the lots are limited and may not last the hour out, so it will pay you to be prompt. The different sales commence promptly on the stroke of the hour and close just as promptly. We will not supply dealers with these hour sale goods at the prices advertised.

DRY GOODS.

**Novel Dress
Trimmings****I**T'S next to impossible to give the faintest idea of the beauty and style displayed in this season's Dress Trimmings. The range is so broad—so all-inclusive that almost any fancy may be satisfied.

We would suggest an early visit to this interesting department.

Pearl Bands, pendants and ornaments for fancy collars, 50c to \$7.50.

Fancy Silk Fringes, \$60 to \$6.50.

Pearl Drop Fringes, 20c to \$1.75.

Astrakhan Bands, 25c to \$2.50.

Persian and Broche Bands, 15c to \$5.00.

Spangled Bands, 6c to \$7.00.

Fiber Bands and edges, 6c to \$7.00.

Fancy Appliques in all the pretty Autumn colorings; a hundred styles of every width, points, edges, bands and running vine effects. Some of the richest creations ever produced.

Novelty Braids, entirely new styles; beautiful color combinations to match every popular cloth.

New Fur Trimmings

Furs will be in great demand for dress decorations this coming winter season. Among the popular skins are:

Beaver, Brownie,

Angora, Mole,

Siberian Squirrel,

Cavy, Chinchilla,

and the new bands made entirely of mink tails. Prices range from 50c to \$5.00.

Buttons for Trimmings

Never before was such dazzling beauty shown in dress buttons. Carved, jeweled, enameled, filigree and plain gilt. Every size seems to be popular; from the smallest gold buttons to the size of a silver dollar.

Prices range up as high as \$3.00 a dozen. Don't neglect to look them over.

at Monthly Meeting of the Popular
Catholic Club.**

Thirty members of the Newman Club partook of a dinner at Levy's Cafeteria last night, and at its close resolutions were adopted on the death of John F. McCormick, president of the club. These resolutions have been thoroughly engrossed and richly framed, and will be presented to Mrs. Francis by a committee from the club. The newly-elected president, Hon. James C. Kays, presided at last night's meeting.

The paper was read by A. I. McCormick, president being "The Temporal Power of the Pope." It was preceded by a general discussion.

Mr. McCormick divided his theme into two sections, first presenting the temporal power of the Pope, and then proceeding to designate the right claimed and exercised by the Roman pontiffs during the Middle Ages to depose princes, with little significance to the Catholic Church.

In another and distinct sense, said the speaker, it is understood to mean the right of the Pope to temporal property over his own dominion, or, as is sometimes called, the "Patrimony of St. Peter." That is, the right of the Pope, as head of the church, to the temporal, independent sovereign dominions in his own right.

His headquarters are situated, owing to no power being subject of no king, except the King of Kings.

"The patrimony of St. Peter," said Mr. McCormick, "is not and never was claimed as a divine right or as coming direct from God. It has never been made an article of faith or a matter of the present day."

In another and distinct sense, said the speaker, it is understood to mean the right of the Pope to temporal property over his own dominion, or, as is sometimes called, the "Patrimony of St. Peter." That is, the right of the Pope, as head of the church, to the temporal, independent sovereign dominions in his own right.

His headquarters are situated, owing to no power being subject of no king, except the King of Kings.

EAST SIDERS IN EARNEST.

Will Bring Transfer Issue to a Head Today.

Hope to Make Railroad Managers See Error of Their Way.

Councilman McAleer Enlisted for the Campaign—Plans of the Committee.

The Pasadena-avenue car transfer subject continues to be a live topic with First Ward residents, and today the committee appointed by the Highland Park Improvement Association, with W. J. Jeffreys and C. W. Smith, will interview the officials of the two railway companies and attempt to have a definite understanding with them as to what the First Ward people may expect in the way of streetcar accommodations.

Very many are pleased over the statement made by John E. Muir, manager of the Los Angeles Railway Company, to the effect that within thirty days the work would begin on the construction of the new line to Garvanza over the Monte Vista-street route, there are many others who declare that regarding the Garvanza, the people are entitled to the right of transfers from the Los Angeles line to the Pacific Electric line and that this is the opportune time to make a definite arrangement with the latter. The old actionable ground of the two companies using more than five continuous blocks of the same tracks is cited and the contention is being forwarded that the companies have both been, and are daily, violating city ordinances.

The fact that the two companies daily exchange transfers on the Bell Line, and that the Bell Line is another thing that galls the East Side people, as they declare that it can be done on downtown lines there is no reason why the right of transfers from the Los Angeles line to the Pacific Electric line should not be granted on the Pasadena-avenue line.

"There is no disposition on the part of the First Ward people to be a member to become antagonistic to the Huntington railway interests," said C. W. Smith, as he discussed the situation last night, "but we do want some justice and what is right is our right. This we hope to obtain through the conference with the officials of the two railway companies. However, we cannot afford to be unfair, if they are inclined to treat us unfairly, and in that case must make a bold stand for our rights."

There was a conference yesterday at the office of Attorney Walter R. Bacon, and decided upon the points they will present in their visitation to the head of the two companies of the this-ray franchise in Huntington until the transfer question was settled, is still a staunch supporter of his conference on this line.

Mr. McAleer declared yesterday that as a matter of fact the city could have had universal transfers at the beginning of the terms of the present Councilman, but he had been told that it was declared that no more franchises would be granted until this was allowed. Mr. McAleer says he tried to get the Councilman to take this action, but failed. Now he proposes to go independently. Conservative citizens are hopeful that the conference of this afternoon will result in an understanding that will give the people of the two lines proper transportation facilities without further controversy.

GRAY TREATED CROWD. THEN WAS ROBBED.

CONTRACTOR GARROTED AT NINTH AND LOS ANGELES STREETS.

Had been in a Saloon and had but Fifty Cents in His Clothes—Thieves Took His Watch and Chain After Lively Fight.

J. H. Gray, of the firm of Sloan & Gray, general contractors, who resides at No. 119 Boyle avenue, was attacked by three men near the corner of Ninth and Los Angeles streets about 8:30 o'clock yesterday morning. He lost his watch and chain and 50 cents, all the money he happened to have with him. The robbery was the first of its kind which has been committed here for some time, for instead of covering their victim with guns, the robbers garroted him two of them holding him while the third took his pockets.

The capture of the robbers will be an extremely difficult matter, because their victim admits that even if he saw them again on the streets of the robbery he would not be able to identify them. He was not able to tell the police the slightest description of his assailants; in fact, beyond relating how he was assaulted he could tell nothing about the matter. He did, however, make a desperate fight for his property and says he struck one of the robbers and knocked him down, but as he is an old man and his companion was not far behind, it was impossible for him to repel an attack had it been made by more boys.

Gray is one of the best-known contractors in the city and sometimes carries his work to the country. He says it is the theory of the detective that the men who attacked him knew this and thought they would make a haul worth the risk. He had paid out most of the money he had with him, however, and when attacked had it been made by more boys.

According to Gray's story, he had gone to the southern part of the city, and returning to Ninth street alighted from a street car and went to the saloons on Los Angeles street between Eighth and Ninth, where he met several persons whom he did not know. One of the men asked him for work, and he told the crowd that if they would apply to him at Seventh and Figueroa street this morning he would give all of them work. After buying drinks for the crowd Gray left the place. Not far from the saloon the men accused him and one of them again mentioned the work he had offered, and he had said about their applying to him today. That did not satisfy the men,

and one of them asked him what time it was. He took out his watch to answer the question and the gang seized him. One, throwing his arms around Gray's neck and planting his knee in his back, tried to throw him to the ground. Despite the fact that Gray was intoxicated, he held his own and struck one of the others, knocking him down. The three men then closed in on him, and one set time on the face and head. One of them choked him, another held his arms and the third took his watch and chain and money. The chain was a very valuable one, solid gold, while the plain watch was not so valuable, being a filled-case gold timepiece.

After securing his property the robbers fled. Gray is holding the chain and the watch, and is in the possession of the Police Station, where he told what had occurred.

CLUB WOMEN HONOR MRS. FRANK E. PRYOR.

AGAIN CHOSEN VICE-PRESIDENT OF THE STATE FEDERATION.

Closing Session of District Meeting of Women's Clubs Emphasizes Importance of Study Circles and Physical Culture for all Classes and Conditions.

STUDY something—study ideals, take a living interest in this moment from the daily hum-drug—something beyond and above every-day actualities, and so discover something to reach after that will engage the mind and promote uplifting thought.

That was the burden of Mrs. Emma Greenleaf's exhortation to the delegates in attendance upon the semi-annual meeting of the Federated Women's Club of the Los Angeles district, concluding its sessions yesterday afternoon at the Woman's Club House, Figueroa and Tenth streets.

"God gives Adam 'House-plate,'" said Mrs. Greenleaf, choosing for her subject women of "rib" or of man's inhumanity to woman. That woman was god-like in her creation, she said, and that much was admitted. But being god-given Mrs. Greenleaf contended that in the giving there was also provided the ways and means for self-government apart from human drudgery. "One not only inflicts and deprives self," said the speaker, "by neglecting to broaden the horizon, but also by failing to develop the latent in the study of ideals there is an unconscious conformity to those ideals and in the contemplation of things beyond the horizon, the mind is broadened, thought is inspired and a most gracious development is the consequence. Activity in life is the result of the spirit that presents activity in every feature, but back of beneficial action must ever be study, investigation and self-examining, striving to make the spirit as good as the soul. In the words of Alice Wellington Rollins, 'God's best gift to us is that they sell every woman to be a mother.'

Now the time to begin the use of Hyomei.

OLD AND NEW WAY.

Hyomei the Latest Scientific Discovery to Cure of Catarrh.

The discovery of Hyomei has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were nauseating drugs and worthless tonics. In some instances the disease continued, but the improvement was not lasting.

With Hyomei you can take into the air passages of the throat and head a balsamic air that goes to the minute cells, effectively killing all the germs of catarrh. It enters the blood with the oxygen, killing the germs in the blood, and restores health to the whole system. Many astonishing testimonies have been received from those who have been cured by Hyomei.

When it was announced Nordica would sing the title role of "Mignon" as one of the features of Saturday evening, a surprise spread over the city. The Nordica in Theobald's cabinet was the "Mignon" of the operas round. What it is year after year, the Nordica has converted the grand into a petit Mignon? A dead? The wide-eyed public see the reason in the fact that little Miss boy.

SPORTING PAGE.
**RACE CROWD
WAS SHOCKED.**

No Favorites Gladdened the Eyes of the Bettors.

Jockeys Fell and Long Shots Finished Winners.
Horserace Driver Was Fined. Bets Were Called Off. Today's Card.

Two jockeys tumbled in the dirt in the hurdle race, two long-prized horses chose up as winners, two harness races and two long shots were the features of the races yesterday. In the betting line not a favorite finished first, and consequently a large majority of the cheap sports went to the back.

In addition to the other pleasantness a driver of one of the harnesses was fined \$50 for laying up a heat, and in the third heat of the same race all bets on the heat were declared off by the judges, because one of the drivers was apparently not out to win. Altogether it was an afternoon of interesting thumping.

CROOKED TROTTING.
The performance opened with the trot for the 2:14 class. At the conclusion of the first heat the judges were convinced that there was a job in it, and accordingly fined Driver-Owner McDonald \$60 for holding in the favorite, Forest W., and finishing absolutely last with him. In the next heat, however, George W. McKinney, Forest W. and his Forest W., who was the best in the race, was driven by McDonald, who is the owner of Ira Ilo. Forest was a natural favorite, but in the first heat finished last, and then McDonald was fined \$60 for what the judges thought was a hold-up. This fine was a sufficient warning to McDonald, who won the next two heats easily. In the second heat, Ira Ilo, who was the best in the race, was held in the first heat, and then Forest W. Neither McKinney, nor Ira Ilo had been able to win a heat in three, and were sent to the barn. There being no other horse in the race, it was given to Forest W.

After the third heat the judges became convinced that Ira Ilo had been held up in the first heat, and accordingly all bets on that heat were declared off. It seems, however, that the betters had been hoodwinked, for the tickets had been paid on Forest W. to win that heat, and this decision to declare the bets off and refund the money ready to be called in, was a considerable heat in the box of odds, and was sent to the harness races.

ANOTHER LONG SHOT.
This was a fairly good beginning for some of the sports, but they received the present shock in the second running race, which was won in a dead heat. Most of the money bet was on the Legal Maxim at even, but he finished second. There were seven in the field, and King and Queen altered in leading into the stretch, and Ira Ilo went up with a rush and beat Legal Maxim.

Adair, at 3 to 2, won the first race by getting off in the lead and staying there. Dolly Weithoff was the favorite at even, but was never prominent, and finished outside the money.

The third running race hit in it only Bookmaker Millin's Princess Titania and E. M. Brattain and E. B. Morris. The former was the favorite, and was coupled in the betting at the odds of 1 to 1, and Brattain was held at 2 to 1.

Edelante, Headwater, Tower of Power, and the others were all beaten.

Dolly Weithoff had been scratched out. Those left in got away to a good start, and Brattain came from the rear, and won easily up by three lengths.

The second long shot of the day came in the second running race, when Adair, at 3 to 2, was the favorite at even, but was not less than second at the year's end, and the two were in the lead.

The third running race hit in it only Bookmaker Millin's Princess Titania and E. M. Brattain and E. B. Morris. The former was the favorite, and was coupled in the betting at the odds of 1 to 1, and Brattain was held at 2 to 1.

Dolly Weithoff had been scratched out. Those left in got away to a good start, and Brattain came from the rear, and won easily up by three lengths.

The second long shot of the day came in the second running race, when Adair, at 3 to 2, was the favorite at even, but was not less than second at the year's end, and the two were in the lead.

The third running race hit in it only Bookmaker Millin's Princess Titania and E. M. Brattain and E. B. Morris. The former was the favorite, and was coupled in the betting at the odds of 1 to 1, and Brattain was held at 2 to 1.

Edelante, Headwater, Tower of Power, and the others were all beaten.

BILLINGS HAD
THE RIBBONSLou Dillon Trots to Wagon
World's Record Time.The Monk and Equity Furnish
Another Time Standard.Stenwall Disqualified in a Com-
plication—Senators White-
washed—No Lookee Game.BY THE ASSOCIATED PRESS—P.M.]
MEMPHIS (Tenn.) Oct. 28.—The
eight-day meeting of the Memphis
Trotting Association was brought to a
standing close this afternoon with the
breaking of two additional world's
trotting records. Lou Dillon, Billings
champion trotter, driven by her owner,
won the mile to wagon in 2 minutes
flat, cutting 1/2 seconds from the pre-
vious record, made by herself, and The
Monk and Equity, driven by Billings
owner, lowered the world's trotting
record of 2:09 1/2 for a mile to 2:08.The performance of Lou Dillon in the
mile trial to wagon was even more
spectacular than the trial against time
last Saturday, when she trotted a mile
in 2:08. The record was made with an extraordinary two runs to set
the pace and the forward bound, having
carried a wire dust screen. As the wire
drew near the last eighth pole, the
speed of the little mare was so great
that Billings drew her from behind
the front and the wire, and the record
was broken. The record was set in
the 10th mile to wagon to the labor
unit?" asked Schmidt."It goes to Sam Parks," was the re-
ply made by the accused, according to the
accused."I have lost my health working for a
lot of — who would throw me down
in a minute if everything did not go
right. I am going away soon for
a vacation. I am not able to work
any more. I will not hear of Sam Parks
in labor troubles. I've got enough to
keep me comfortable during the rest
of my life."During the method of payment, the
witness quoted Parks as saying that he
will not take checks.Schmidt and the witness then left
the office and had to consult with other members of the corporation
about the matter and that Parks
would head from them."I believe he was mistaken when
he said he was not able to work. The
money goes to Sam Parks," the
witness said.The witness was excused and the
court recessed.FALSE EVEN TO HIS DUPE.
BY THE ASSOCIATED PRESS—P.M.]NEW YORK, Oct. 28.—Louis Schmidt,
treasurer of the Tiffany studios, was
the next witness and his story of the
interview with Parks on November 5
was in the main corroborated by
Fraser. Parks told them that the
fine should be paid, and until it
was paid, not a bit of work would
be done on the Tiffany cars. Witness
said that Parks had been asked, "What
will you do with the money?" and he
replied, "I will give it to Sam Parks."The witness was excused and the
court recessed.NOTHING TO SETTLE.
BY THE ASSOCIATED PRESS—P.M.]NEW YORK, Oct. 28.—Drivers of all
of the leading motor car manufacturers
in the city, who were gathered at the
wholesale grocery store of M. Livingston
at Second and Broadway, last night,
to settle the dispute between the
Automobile and Horseless Carriage
Associations, say they have arranged to fill
the strikers' places at once, and prompt
delivery of goods is anticipated."I'm Men Will Not Strike.
NEW YORK, Oct. 28.—It was officially
announced this afternoon that the
Automobile and Horseless Carriage
Associations, which have been at
odds for a week, have agreed to settle
the dispute. The two organizations
will meet at the office of August Belmont, president
of the American Federation of Employers,
on the 1st of November, and the strike
will be called off at that time.The two organizations will meet at

will be called off at that time.AQUEDUCT COMPETITION.
JUDGES DISPLACE STYLING PRESS—P.M.]NEW YORK, Oct. 28.—The most
complicated affair in the history of
the eastern race track occurred after the
running of the last race at Aqueduct
today. Stonewall, Oarsman and Payne
finished heads apart, but Redden
riding Oarsman, claimed a foul, al-
leging that he had been bumped.
The foul was followed by a gallop on
Parks, who was then overtaken by
Redden. After deliberation, the judges
and stewards disqualified Stonewall
and placed Oarsman first, Payne second
and Bob Hilliard, who ran in
a straight line, third. Akela, who
was eliminated, caused the trouble, fin-
ishing fourth, but was disqualified.
The Monks and Equity (Mr. and
Mrs. Smith) were the only ones to
have a straight line, and the race
was won by the Monks and Equity
(Mr. and Mrs. Smith) in 2:08 1/2.HORSE-FOOT FALL

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Trains Make New Start.

The announcement was made by the Southern Pacific yesterday that all passenger trains for the south (Santa Ana, Long Beach, etc., etc.) will leave hereafter from Arcadia station instead of Rive station.

Bitten on Wall Street.

It is stated that Police Sergeant Jeffries will file a petition in bankruptcy against his wife, Mrs. Wm. H. Jeffries, who was formerly well off, as a result of successful real estate speculations, but is said to have lost \$20,000 or more in copper and other stocks.

Boat Unidentified.

The identity of the man killed Tuesday evening in Macy and Alameda streets under the wheels of a Southern Pacific passenger train, has not been established. The body remains at the station. The cause and the condition is such that it cannot long be kept there. The coroner's inquest will be held there.

School Board Quarters.

A postponed meeting of the Board of Education was held yesterday. The question arose as to a change of headquarters from the present location in the Laughlin building to rooms in the new building. Consideration was given. Nine rooms on the fourth floor of the new building are desired, and the Building Committee will open negotiations with the owners.

"G.O." their rental.

The local railroad man will banquet G. B. Ochsner at Levy's Saturday night. Mr. Ochsner is well known in Southern California for his long and faithful work in the service of the Southern Pacific. His resignation from the position of district freight agent becomes effective on November 1. His many friends are always eager to express their admiration of G. B. O.

G.A.R. Smoker.

Bartlett-Lagan Post, G.A.R., will hold one of its old-time smokers Saturday night, to which all veterans of the Civil War are invited. A good time is expected by the "boys." The old timers of the Civil War who fought over, and Adit, John Davis will call the roll and see that all are present or accounted for. The "boys" are in camp at No. 1254 South Spring street.

Injury Caused Death.

Clarence Hopkins, aged 16, died last evening at the Sisters' Hospital from the effects of injuries received at Indio last Saturday by being struck by a Southern Pacific train. He was residing at Indio, and while standing near the track was hit by a passing train. He was at once brought to this city, accompanied by his father, and the care placed in charge of Dr. Gates, the Southern Pacific surgeon. For a time it was thought he would recover, but he died yesterday, release, from which he failed to rally.

Collision of Cars.

Tractor car No. 128 crashed into a flat car standing on the Santa Fe spur track on East Third street, near Stevens Avenue, at 10:30 a.m. on Saturday morning. The dashboard of the flat car was crumpled in, but the motorman escaped a serious pinch by a hair. None of the five passengers were injured. The flat car was stopped about by the sudden stop. The flat car had been left standing squarely across the track by a switching crew and the dash had made it practically impossible for the motorman to stop from the west side.

New Priest Here.

A guest at the Cathedral residence is Rev. James O'Callaghan, recently ordained for the diocese of Monterey and Los Angeles, who will receive his appointment upon the arrival of Bishop Conroy from his见。 Rev. Henry Bontempo, S.J., is also a recent comer in Los Angeles, and is working among the Italians and Slovaks with the aid of the Society of Foreign Missions. Services for them are held in the chapel of the Cathedral school building. Bishop Conroy is planning maturing for the erection of a church building for these nationalities.

Postface Case.

The postface condemnation case went to the jury yesterday. As it appeared last night that no verdict would be arrived at unless at a late hour, the members of the jury were instructed, with permission of the attorneys of both sides, to disperse to their respective homes when they had come to a dead lock, or at such hour as the case was to be adjourned. At such hour, it was agreed to adjourn the case until it has been found, when court convenes at 10:30 this morning. The excusing of the jury at such a stage in an important trial is unusual, but the attorneys all expressed confidence in the jurors in question, and thus relieved a possible tedious night's watch. The jurors went home at 9 o'clock.

BREVITIES.

Real estate advertisers and others: Hereafter all real estate and other classified advertisements for Sunday insertion must be in The Times office not later than 11 o'clock Saturday night in order to be properly classified. All small advertisements will be taken at one cent each under a special heading of "Too late to Classify." Special request is made of those telephoning "Advertisers" to do so before 10 p.m. each night.

To Printers.—The Times has for sale a number of fonts of display advertising type in fall condition. The type will be sold at the cost of 10 cents per moderate price. Apply at once in person or by letter, at business office.

Art sale—Collection of oil paintings and tapestries on sale 20th, 21st, 22d, 23d, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32d, 33d, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42d, 43d,
